

1 Go down Stumps Hill Lane (10A) and at the Green Chain major signpost turn left along Worsley Bridge Road. At the T-junction turn right into Brackley Road to the church (10B).

2 Continue along Brackley Road to turn left into Copers Cope Road (10C). Take the first right off Copers Cope Road to pass through the subway under the railway (10D).

3 Once through the subway pass along Lennard Road (10E) and turn first left into King's Hall Road.

4 Continue along King's Hall Road to turn right along the passageway between numbers 173 and 175 to enter Cator Park (10F). Follow the marker posts through the park to reach the Green Chain major signpost where the paths meet. (To reach Kent House Station, turn left at the signpost and follow the signs out of the park down Aldersmead Road and right on Kings Hall Road. Take the first (unmade) road on the left for the station and through the subway for Penge High Street). To continue on the main route, bear right at the major signpost and follow the path to leave the park at the north west corner into Lennard Road.

5 Turn left along Lennard Road to the traffic lights and then right into Kent House Road (10G).

6 Follow Kent House Road and turn left to take the path between numbers 148 and 150 which crosses the playing fields to Cator Road. Turn right along Cator Road to the Borough boundary where it becomes Trewsbury Road.

7 Turn left at the Borough boundary into an unmade road which leads to Alexandra Recreation Ground. Follow the marker posts through the park past the Green Chain major signpost to emerge in Maitland Road (10H).

8 Follow Maitland Road and turn right to follow Lennard Road to its junction with Newlands Park. Here turn left and cross the footbridge at Penge East Station. From the footbridge the walk continues to the right to Crystal Palace but a short deviation to the left down St. John's Road to Penge High Street passes Penge's two most prominent buildings (10I).

9 Continuing on the main walk, after descending the footbridge turn right and follow Station Road, turning left into Kingswood Road (now a cul-de sac), to reach Penge High Street. Cross the street at the pelican crossing and turn right to go under the two railway bridges to reach Thicket Road (10J).

10 Cross Thicket Road and enter Crystal Palace Park (10K) (Penge entrance). Follow the signs and marker posts along the paths in the park bearing left to the lake, then right and left to pass the Irish Elks statues. Continue ahead over the stone bridge. Turn left, left again over the iron bridge, and left around the lake edge containing the monsters. Turn right at the junction and follow the path past the entrance to the children's farm (10L) to reach the Green Chain major signpost overlooking the National Sports Centre stadium. The Green Chain Walk officially ends here, but there is a short signed link to Crystal Palace Station.
